Expectations and Instructions for Proctoring Exams

Proctor Responsibilities:

- The proctor will provide the student with the information needed to fill out the Distance Testing request online at <http://dl.austincc.edu/students/DistanceTesting.php> and notify the student of any fees or special requirements necessary for completion of the exams.
- The proctor will provide a confirmation of testing services on official letterhead stationery or email from the institution's domain if requested by Distance Learning.
- The proctor will provide the student with any supplemental materials authorized for the exams, as indicated on the Distance Testing Instructions Form, if not provided by the instructor or Distance Learning (see page 1).
- The proctor will confirm the student's identity by photo ID. In the event that the exam is computer-based, the proctor will enter the Blackboard exam password provided on page 1 for the appropriate exam. Student should never have the password(s).
- The proctor will monitor during exam(s) to inhibit accessing other materials and/or the Internet.
- The student will not be allowed any breaks during testing.

Note: Though many of our instructors' online exams are created using Respondus, it is not utilized for Distance Testing. Once a student logs into their Blackboard account and goes to the test, you can input the password. Ignore the Respondus warnings/errors.

Student Responsibilities:

- The student will adhere to all deadlines, instructions, and restrictions required by the instructor as outlined in the class syllabus.
- The student will submit to all requirements and/or restrictions imposed by their chosen proctoring site and will make reasonable effort to schedule an appointment to take their exam in advance.
- The student will be responsible for paying any fees associated with testing. Austin Community College will not reimburse the student for paying said fees.
- Any student electronics other than those specifically allowed must be surrendered to the proctor for the duration of testing. No text messaging or phone calls will be allowed during the exam. In the event the proctor detects any scholastic dishonesty, the proctor will discontinue the exam and contact Distance Learning immediately.
- In the event that the student must quit taking their exam due to an emergency, the student will need to contact their instructor to request a retest.
- If the proctoring site is unable to accommodate a reasonable timeframe to administer an exam(s) and/or meet the requirements listed above, the student will need to locate a new proctoring site.

Thank you for proctoring exams for our students. We look forward to working with you this semester. If you have any questions please feel free to contact the ACC Distance Learning office at dl@austincc.edu or by phone at 512-223-8028.
